

REVITALIZING THE DIOCESE OF SAINT JOHN FOR DISCIPLESHIP & EVANGELIZATION

Dear Sisters and Brothers:

After much prayer and consultation, I, as your Bishop, am ready to present to you the proposed steps to implement the fruits of our efforts in bringing about a realignment of our diocesan church in order to revitalize and assure its development and renewal for the future.

There have been steps in arriving at this final proposal.

As I wrote in the introduction of the Diocesan Pastoral Plan in 2012: “The initial “visioning” process came from the Presbyteral Assembly which I convoked in the Spring of 2008, where the question was asked of the priests, deacons and seminarians present: How can we continue to provide pastoral care for the people of our diocese?”

The plan developed after much consultation with three main objectives:

- revitalize our diocesan church
- contribute to the creation of vibrant faith communities which will be evangelizing presences in our midst
- leave a legacy of faith for the future.

While some of the objectives of the Pastoral Plan were easily implemented, it was quickly realized that to attempt a broad implementation of the plan, we would need to look more closely at some of the issues facing most North American dioceses; namely, demographic shifts in population, decreasing numbers in church attendance, decreasing numbers of vocations and an aging clergy, too many church buildings, some of which were in need of major repairs, and finally, a lack of sufficient funds to continue operating the diocesan and parish institutions as we had been doing.

It was felt at the time, that we did not have the resources locally to face the challenge of such a broad study that was required to start the process of parish realignment and revitalization.

The Council of Priests recommended that we secure the services of the Catholic Leadership Institute (CLI) to facilitate a process to help Revitalize and Realign the Diocese for Discipleship and Evangelization.

CLI came to us, having successfully been involved in a significant number of American and Canadian dioceses facing the same challenges as our diocese. They were engaged in January 2016.

What followed from that date to their final report in June 30, 2017, were several and extensive consultations, surveys, public meetings and workshops led by CLI.

For example, the “Disciple Maker Index” was completed by 6,600 people, 55% of current church goers.

The Presbyterate was surveyed, which confirmed the priests were open to plans to revitalize and realign the diocese.

Regional Workgroups were formed in the three regions of the diocese; Saint John, Fredericton and Miramichi to study the situation and make some proposals.

These groups met four times from August to November 2016. They studied the Pastoral Plan, the parishes’ sacramental and financial information, all in order to recommend new models of parish life.

In February 2017, a Presbyteral Assembly was held to inform the priests of the draft models and findings of the Workgroups and the ongoing project. The overall amount of change proposed was supported by over 75% of the priests.

Finally, Regional consultations were held in all three regions of the diocese; over 3,500 people attended. Feedback continued online and by mail, allowing a further 1,600 people to share their thoughts.

I have received the last two consultative documents with which I was to make my final decision on the realignment plan for the revitalization of the diocese.

These two documents are the final recommendations from CLI and the report of the Diocesan Steering Committee made up of priests and lay people from the three regions of the diocese.

In January 2018, I presented the report of the Steering Committees recommendations to the Council of Priests. It was received with mixed approval. I informed the Council members that I would take into consideration their opinions and recommendations and bring them to a final consultation with the members of our Diocesan Curia at the Chancery Office and that I would inform the Priests of the final proposals at a scheduled

meeting in Fredericton. The Presbyteral Assembly was convoked for Tuesday, April 17, 2018 with a view of informing our Diocesan church from the pulpit on the weekend of April 21/22, 2018.

I wish to highlight some important aspects of the plan.

As of April 22, parishes will be clustered in view of them becoming 27 canonical parishes.

The focus of this process is on the merger of communities into new parishes rather than the closure of churches. At this time, 9 church buildings will be closed, leaving 70 churches to serve the present needs of our diocesan church.

In the Saint John Region, the region bearing the greatest financial burden, 23 parishes will merge into 13 parishes. Of the 30 churches serving these parishes, 5 will be closed, leaving 24 churches to serve as worship sites for the 13 parishes.

In the Fredericton Region, 19 parishes will be merged into 8 parishes. Of the number of the churches serving these parishes, 1 will be closed, leaving 25 churches to serve as worship sites for the 8 parishes.

In the Miramichi Region, 16 parishes will be merged into 6 parishes. Of the number of churches serving these parishes, 3 will be closed, leaving 21 churches to serve as worship sites for the 6 parishes.

As we tally the results, the 27 canonical parishes will have 70 churches serving as worship sites. I refer you to the detailed presentation which follows for more detail.

One of the major considerations has been to deal with the financial burden that some of the parishes are carrying and their ability to remedy this challenge.

It has to be made clear that the Diocese is no longer in a positive financial situation that allows it to continue carrying the financial burden of individual parishes and their debts.

The criteria used for the clustering of parishes, in addition to those already mentioned, were the following.

- a) geographical distance between worship sites.
- b) the consequences of leaving areas without clergy or church presence.
- c) historical issues and loss of our historical tradition which was attempted to be honoured.
- d) a special concern for the recently formed French parishes and communities – as well as a desire to honour the places of worship and history of our First Nations communities.

As of April 23, parishes are invited to begin the clustering of their communities into what will become newly merged canonical parishes. The necessary steps for doing this will be made available. This will need to happen as of September 1, 2018 for 14 clusters. The required canonical procedures will be followed including the necessary consultations. The remaining clusters are to become newly merged canonical parishes by September 1, 2019.

I am very much aware that these proposals and decisions will not satisfy everyone. I know that some will be upset and even angry at what is proposed. Others will see some of them as the much needed measures to revitalize our diocesan church which we have been planning for nearly ten years.

I ask you all dear sisters and brothers, to receive these proposals in the spirit of charity and good will, prayerfully remembering the greater good of the whole diocese, and especially St. Paul's directive to the Christian community at Philippi:

“Let each of you look not to your own interests but to the interests of others. Let the same mind be in you that was in Christ Jesus.” (Philippians 2,4-5)

The vision statement which we are pursuing speaks of us as a revitalized Church living out our baptismal call:

- a) An evangelizing community that gives Jesus Christ to the world
- b) Full churches for Sunday Mass
- c) Intergenerational community of children, teens, young adults, middle-age, seniors
- d) The center of the community life serving those on the margin and most in need
- e) A community of growing disciples who share their faith, support one another, and lead others to Jesus Christ.

As we recognize the Holy Spirit, both inspiring and supporting the process in which we are involved, let us pray together for a New Pentecost in our diocesan church.

May God bless all of us in this difficult but necessary exercise.

Given at Saint John this 17th day of April 2018.

Sincerely in Christ,

✠ Robert Harris

Bishop of Saint John

Clergy Appointments 2018

The Most Reverend Robert Harris, Bishop of Saint John, announces the following clergy appointments which will take effect September 1, 2018, when twenty newly merged parishes are created. Most parishes will be served by a single priest serving as pastor; several parishes will be served by a pastoral team of several priests *in solidum* with one priest serving as moderator of the team (see canon 517 §1). Those priests who will be appointed pastors or will be appointed as moderators of a pastoral team of several priests *in solidum* will be dispensed from the requirement of Canon 527 that they be placed into canonical possession of their parishes and will automatically become pastor or moderator on September 1, 2018. Please note, this announcement includes several changes from the parish proposals of April 2018.
